# REMARKS

THE coins catalogued and described in the following pages are to be sold by me at mail auction. It is my claim that there is a decided advantage to a collector in bidding at mail auction over a public auction, in that the buyer may select the lots in which he is interested and state just what he feels like offering for each one, and if nobody bids more, he gets the coin without further ado. There is no running it up on him just because he happens to be a known specialist along certain lines, which is an undeniable fact at public auction sales.

I have taken pains to describe each lot fairly and will guarantee every coin to be as represented and satisfactory to my clients.

Trusting to receive your generous support, I remain,

Yours respectfully,

ELMER S. SEARS.

Swansea, Mass.

A copy of the catalogue giving the amounts realized will be supplied 10 days after the sale, for 60c, cash with order.

All bids are considered as being for the entire lot and not per coin. This is now, or should be, the universal custom at all coin sales, and greatly simplifies the billing.

Bills will be entered as received and the lots distributed to the highest bidder.

In case two or more bids on any certain lot are alike, the one received first is successful.

If two or more unlimited bids are received, all parties interested will be notified and a limit asked for from each.

Parties unknown to me will kindly give commercial reference.

No charge will be made for buying, but the purchaser will be expected to pay shipping charges.

All coins are guaranteed genuine without limit of time, and it will be well to revise your bids carefully to be sure you are bidding on a lot you wish to buy.

### To My Patrons

I have endeavored not to tire the reader with unnecessary, long descriptions, nor have I tried to employ any new adjectives to express condition of the coins. I think the average collector, and I am sure the more advanced and older collectors, will appreciate this phase of the catalogue at least.

Address all bids and make checks, money orders,  
drafts, etc., payable to
